Classroom Management

- classdojo.com Class Story – to allow ss comment on activities you need to change settings – go to options – edit class- settings Class

story is useful for sharing links. Portfolio is where you can assign activities to individuals or to the whole class. To invite ss go to students login and create eg. A qr code. Classroom option – at the bottom of the page there is a toolkit where you can find a timer, random group selector, group maker, background music, etc.
